**MEMORANDUM FOR RECORD**

**SUBJECT:** Environmental Policy for New Hogan Lake

1. The New Hogan Lake Project embraces the U.S. Army Corps of Engineers (Corps) Environmental Operating Principles through the implementation of the Environmental Management System (EMS) that strives to achieve environmental sustainability. For the purpose of the EMS, the environment includes the air, water, land, natural resources, flora, fauna, humans and their interaction in the operation of New Hogan Lake.
2. New Hogan Lake is committed to complying with all applicable legal requirements and other requirements. Environmental management is integrated into daily business and decision-making processes, regularly measure environmental performance and practice continual improvement.
3. Through initiatives prescribed in the EMS, New Hogan Lake is actively committed to pollution prevention, conservation of natural resources, and the protection of special status species.
4. This policy is communicated to all employees and those who work for or on behalf of the Corps of Engineers New Hogan Lake Project and is available to the public.

A handwritten signature in black ink, reading "Phillip Holcomb", is positioned above the printed name.
